

**FREMONT COUNTY COMMISSIONERS AND COUNTY CLERK JULIE FREESE INVITE THE PUBLIC TO THE
FREMONT COUNTY COMMISSIONER REDISTRICTING PUBLIC MEETINGS**

Come and give your opinion on where the new Commissioner District lines should go.

COUNTY COMMISSIONERS CHAMBERS LANDER	TUES. APRIL 5, 2022	5:30 P.M.
CROWHEART FIRE HALL	THURS. APRIL 7, 2022	5:30 P.M.

Current Commissioners lines (based on the new census) are very evenly divided and could stand as they are for the next 10 years. However, there are a few changes that were made to the Legislative House lines that are proposed as “cleanup of lines” for Commissioner District approval.

These are the only proposals. Your concerns and ideas are important. Please look at the map, contact the County Clerk at 307-332-1122, or attend one of these meetings to learn more or make comments. The Commissioner Districts will be set by the County Commission no later than April 19, 2022.

Proposed changes are as follows:

- 1) Move the current Commissioner lines (between Commissioner Districts #1 and #2) in the Crowheart area from the river to Highway 26. Every voter situated North of Hwy 26 would be in Commissioner District #2 and every voter situated South of Hwy 26 would be in Commissioner District #1.
- 2) Move the current Commissioner lines (between Commissioner Districts #4 and #5) on Lyons Valley Road. Every voter situated to the East of Lyons Valley would be in Commissioner District #5 and every voter situated West of Lyons Valley would be in Commissioner District #4. This is ONLY in the Milford precinct.
